A/ Cost of a house as measured by the Florida Price Level Indices (FPLI). Based on sales of new homes; excludes mobile homes.

B/ Index from the Florida County Retail Price Index BEBR.

C/ Includes military mobile homes.

D/ Starts are compiled using monthly start ratios for monthly permit data. Some counties report annually and while we can show the annual permits total, we are unable to compute and compile monthly starts for those counties.

1/ Includes contract to purchase or similar debt.

2/ Includes industrial and government.

3/ The values of property for tax purposes as determined by the elected county property appraiser before deduction of exemptions and immunities. Value is determined at the highest and best use of property, except for special cases provided for in Florida Statutes.

4/ The value against which millage rates are applied to compute the amount of tax levied. The tax base of a unit of local government also includes the taxable value of personal property and centrally assessed property.

Elderly with disabilities or limitations, 2006: <u>E/</u>			
More than 1 disability	611,950	1,107	50
Self care limitations	249,627	346	55

AIDS Acquired Immunodeficiency Syndrome.

A/ Includes data for mothers whose age was not stated.

B/ Population based upon child population data from the State Data Center for ages 0-17, January 1, 2005. Cases reported are unduplicated totals. Abuse rate of initial and additional reports received during the fiscal year per 1,000 children population.

C/ Live births per 1,000 females aged 15-44, April 1, 2005.

D/ Estimates based on a 2003 Florid Department of Elder Affairs statewide survey applied to persons aged 60 and over measuring elder Floridians' needs.

E/ Self-care limitation is defined as a person with two or more disabilities, including self-care limitations.

1/ Rates per 1,000 mid-year 2005 population estimates based upon 2000 census data.

2/ Births to females aged 15-19 per 1,000 female population.

3/ Persons designating "Hispanic" as a race were counted as white.

4/ Rate per 1,000 computed from mid-year 2005 population estimates based upon 2000 census data.

5/ Rate per 10,000 females aged 15-44, April 1, 2005.

6/ Deaths from homicides, suicides, and accidents to teens age 15-19 years.

7/ Cases per 1,000 population aged 65 and over.

8/ Rate per 100,000 population, April 1, 2006.

Note: Birth data are for births occurring to residents of the specified area regardless of place of occurrence.

(D) Data withheld to avoid disclosure of information about individual firms. (L) Less than \$50,000.

A/ Includes the inventory valuation and capital consumption adjustments.

B/ Includes government payments, imputed income, and rent received.

C/ Released in November 2006, these estimates model a 3-year average income reported in the Annual Social and Economic Supplement of the Current Population Survey.

1/ These data were derived by dividing each type of income by the total population of the area, not just the segment of the population receiving that particular type of income. All per capita figures are based on the U.S. Bureau of the Census population figures.

2/ Adjusted using the 2005 Florida County Retail Price Index.

3/ Includes the capital consumption adjustment for rental income of persons.

4/ Farm proprietors in some counties reported losses which accounts for some nonfarm percentages in excess of 100 percent.

5/ Includes related activities and other.

6/ Includes warehousing.

7/ Includes rental and leasing.

8/ Includes scientific and technical services.

9/ Management of companies and enterprises.

10/ Includes waste management and remediation services.

11/ Includes social assistance.

12/ Includes entertainment and recreation.

13/ Includes food services.

14/ Except public administration.

15/ Persons aged 60 and over with income below poverty level.

16/ Persons aged 60 and over with income below 125 percent of the poverty level.

B/ Florida excludes out-of-state and foreign.

C/ Florida includes out-of-state and foreign data not distributed by county. Architects and interior designers include individual and business licenses, and accountants include certified public accountants, firms, providers and courses.

D/ The Florida County Retail Price Index reflects the price level in each county relative to a population-weighted statewide average for August 2005. It measures price level differences from place to place in contrast to the consumer price index which measures price level changes from month to month.

E/ Data are for North American Industry Classification System (NAICS) codes 42 and 44-45.

F/ Reported to the Florida Department of Revenue by all types of firms for the purpose of tax payment. Florida includes out-of-state and reports that have not yet been allocated to counties.

G/ Average monthly private employment covered by the unemployment compensation law. Data are preliminary. Florida includes data not distributed by county.

H/ Data are for North American Industry Classification System (NAICS) codes 31-33.

I/ Except public administration.

J/ Professional, scientific and technical services.

NAICS North American industry Classification System.

A/ Private businesses covered by the unemployment compensation law. Data are preliminary. Florida may include data not distributed by county.

B/ Any accident that results in death, disappearance of any person, injury requiring medical treatment beyond first aid, and/or property damage totaling more than \$500. Damages include boats and personal watercraft.

C/ Florida includes data not distributed by county due to reporting practices involving tags outside the computer system and refunds.

D/ Includes auto-motorcoaches and camp trailer. Due to changes in previous system, these data are not comparable to those published in previous years.

E/ Data are for January 1 and are reported in county of driver's mailing address. Includes restricted, operator, chauffeur, and commercial licenses. Excludes temporary permits.

F/ Includes gasohol. Data are for 2006 and are computed using April 1, 2006 population estimates.

G/ Florida includes data not distributed by county.

1/ Includes rental condominiums and transient apartment buildings which rent for six months or less.
